

HARTEST CARPET BOWLS CLUB 2016

Although we call ourselves a `bowls club`, which essentially is why we go each week, it is much more than that. It is a social club and a `safe` environment for anyone who comes along.

We meet each week for 2 hours and currently charge £2 per session, which covers the cost of the hall and refreshments. Our numbers vary from between 12 – 18 people each week, although there are always less during the Summer due to other commitments.

We arrange a BBQ in the summer at the home of one of our members and a dinner in the new year at The Crown, both of which we include non bowling partners.

Most of the equipment is new and therefore in good condition, and we always welcome new members.
